Making sports mandatory in educational institutions

1362. SHRI KARNENDU BHATTACHARJEE: Will the Minister of YOUTH AFFAIRS AND SPORTS be pleased to state:

(a) whether it is a fact that we have failed to produce a single Olympic gold medalist in spite of having big human resources;

(b) whether Govemment are taking any step to make sports mandatory to all educational institutions; and

(c) if so, by when it would be implemented?

THE MINISTER OF YOUTH AFFAIRS AND SPORTS (SHRI MANI SHANKAR AIYAR): (a) to (c) Yes, Sir. India is yet to get a gold medal in any of the individual sport events at the Olympics. Although we have a very large population with around 77 crores coming within the below 35 years age group, hardly 5 crores have access to proper sports facilities. With a view to addressing this huge gap in the availability of sports infrastructure, especially at the grassroots level, the Ministry has received the in-principle approval of the Planning Commission to launch a nation wide programme and entitled the 'Panchayat Yuva Krida Aur Khel Abhyan', which aims to provide all the village and block panchayats with basic sports infrastructure in a phased manner over a period of 10 year. The Ministry has also prepared a draft Comprehensive National Sports Policy, which *inter alia*, lays special emphasis on the integration of sports with formal education at both school and College level. This would help in creating a strong sports culture in the country, which would also help in the promotion of excellence in sports at the national and intemational, including Olympic level. "Excellence in Sports" can only be built on the foundation of "Sports for All"—a goal set out in the revise Twenty Point Programme launched on Gandhi Jayanti 2006.
